

## Instructions for Handwriting Analysis

You may write whatever you like. It doesn't matter if you write fact or fiction. Just write as if you were sending a brief letter. Talk about the weather, your job, your family and pets, your favorite movies, the ones you don't like, your hobbies, the news, or anything else.

*Example: "Hi. My name is \_\_\_\_, and I live in \_\_\_\_\_. My favorite color is \_\_\_\_, and my favorite food is \_\_\_\_\_. I do not like to eat \_\_\_\_ or \_\_\_\_\_. I have three cats named \_\_\_\_, \_\_\_\_, and \_\_\_\_, and two dogs named \_\_\_\_ and \_\_\_\_\_. They love to go for walks on the beach on a nice warm day and splash in the water". Etc...*

You may print or write – whatever you feel comfortable with.

Please use unlined paper, preferably 8x10 (computer paper size)

Write in pen only

Write at least 4 or 5 good sentences. Use “and”, “if”, “however”, if you need to make the sentence longer.

Use the pronoun “I” at least 3 times.

Do not make lists – I need sentences for a proper analysis.

SIGN your NAME – I need this for part of the analysis

If you print, that's fine, if you write, that's also fine. If you combine them, that's good too! Just be yourself.

You may scan your analysis, and send it via email, but the best way is to get me a hard copy which I will be happy to send back to you along with your Analysis. Send to: **Lisa M Lanno – Handwriting – 16 Miller Ave. – South Hadley, MA 01075**

### **Having someone else analyzed?**

You may want an analysis for someone whom you cannot get the above information from. For example, you may want an analysis of your Grandmother who left you cards and a letter on lined paper, but has passed. Gather whatever you can – even if it's 4 or 5 samples.

Please provide me with your Name, Address, Phone Number, and a Valid Email Address.
